EDUCATION

• Vidyalankar Institute of Technology

August 2023 – May 2027

Bachelor of Technology - Computer Engineering; GPA: 9.2

Mumbai, India

Courses: Operating Systems, Data Structures, Analysis Of Algorithms, Artificial Intelligence, Computer Networks, Databases, Machine Learning.

SKILLS SUMMARY

- **Languages/Technologies:** Python, JavaScript, SQL, JAVA
- **Frontend & Web:** React.js, Tailwind CSS, HTML5, CSS3, REST APIs, Flask, Streamlit
- **Databases & AI Vector Stores:** Qdrant (Vector DB), Neo4j (Graph DB), PostgreSQL, SQLite
- **ML & Data:** TensorFlow, Transformers, Scikit-learn, NumPy, Pandas, NLTK, Matplotlib, CNN, RNN, LangChain, RAG
- **Soft Skills:** Leadership, Event Management, Public Speaking, Time Management

EXPERIENCE

• S3K Technologies

Jan 2026 – June 2026 (6 mos)

AI Analyst Intern

USA · Remote

- Collaborated directly with MEDCOMM healthcare client to analyze clinical workflows, gather business requirements, and translate client needs into technical AI specifications.
- Engineered **RAG systems** using **GPT-4**, **LangChain**, and **Vector DBs**, automating medical record extraction and intelligent healthcare document search.
- Created **50+ hands-on labs** and AI training modules using Google Workspace and Microsoft Copilot, empowering client teams and non-technical stakeholders.

• Indian Institute of Technology (BHU)

Sept 2026 – Present

AI/ML Intern

Varanasi, UP, India · Remote

- Researched and developed **AI/ML models** for **Bioinformatics** applications, conducting research on **LLMs** for biological data analysis.
- Designed novel algorithms for **Continual Learning** to mitigate **catastrophic forgetting**, effectively balancing model stability and plasticity.
- Authoring research paper on **BDA (Balancing Stability & Plasticity in Continual Learning)**, with research work approved by **BITS Goa**.

PROJECTS

- **Facebook Friend Recommendation - Graph Mining** [Repository](#) | [Live Demo](#) **Jan 2026**
 - Engineered **54 graph features** from **1.86M nodes** and **9.43M edges** using **NetworkX**, **PageRank**, **HITS**, and **SVD**.
 - Achieved **91.8% F1-Score** and **93% AUC-ROC** using **Random Forest**, handling cold start problem.
 - Deployed **Streamlit** app for real-time recommendations, processing **18.8M samples** with top-10 ranked predictions.
- **ParenthoodAI - RAG-Powered Support System for ADHD & Autism Parents** [Repository Link](#) **June 2025**
 - Built **RAG chatbot** with **Qdrant**, **Neo4j** knowledge graphs, serving **20+ languages** with multimodal I/O.
 - Developed full-stack app using **React**, **TypeScript**, **Node.js**, **MongoDB**, **Groq API**, and **Google Gemini**.
 - Created interactive child safety learning modules, deployed via **Docker** production pipeline.
- **Abhayam - Women Safety CCTV Analytics Software** [Repository Link](#) **Dec 2024**
 - Developed an **AI-powered CCTV analytics** solution for women's safety under **Ministry of Defence** guidance.
 - Utilized **computer vision** for **real-time threat detection** and gender/gesture analysis.
 - Our software aims to decrease the threat against women and provide instant justice.
- **Boleto-Connect - Payroll Management System (Consultancy)** [Repository Link](#) **Sept 2024**
 - Built **PERN stack** (**PostgreSQL**, **Express**, **React**, **Node.js**) for **Boleto Vadapav** automating **payroll** workflows.
 - Implemented **Google OAuth**, **JWT**, **role-based access control** for employee and manager workflows.
 - Designed **RESTful APIs** with **Express.js** and responsive UI using **React** and **Bootstrap**.

ACHIEVEMENTS AND LEADERSHIP

- **Oracle Cloud Infrastructure 2025 Certified Generative AI Professional**, skilled in LLMs, RAG, Semantic Search, Vector Databases, and LangChain.
- **Smart India Hackathon 2024 Grand Finalist** – Led team for **Ministry of Defence**, top **2.4%** nationwide.
- **AWS Cloud Practitioner Essentials Certified** (Dec 2025), demonstrating foundational expertise in AWS cloud infrastructure.
- Won **1st Prize** at **Byte-Battle**, organized by the IETE Committee at Vidyalankar Institute of Technology, Mumbai.
- Secured **2nd Prize** at **Codethon**, outperforming 100+ teams through innovative problem-solving and teamwork.
- Mentored a team at **Toyota Hackathon 2025**, guiding development of a **Driving Angle App** with technical direction and strategic insights.
- Completed freelance projects for companies including **Boleto Vadapav** and **Nuvance Technologies**.
