Job Responsibilities: Next Page

Track 2 | AI Trainings (MYAIGURU™)

Program Strategy & Benchmarking

- Conduct competitor analysis for upcoming AI training programs
- Identify target learner profiles, skill levels, and learning outcomes
- Define course structure, curriculum roadmap, and certification criteria

Content Research & Design

- Research new AI tools, platforms, apps, and real-world use cases
- Design course syllabus aligned to industry and learner needs
- Define lab workflows, datasets, and learning objectives

Content Development

- Create theory content, hands-on labs, assignments, and projects
- Develop MCQs, quizzes, and assessment rubrics
- Create capstone project guidelines and evaluation criteria

Content Review & Quality Assurance

- Validate content accuracy, relevance, and difficulty level
- Ensure content aligns with learning outcomes and program goals
- Incorporate feedback from instructors and learners

Content Design & Packaging

- Beautify content using Figma, AI tools, and standard templates
- Create slides, lab guides, worksheets, and reference materials
- Ensure consistent branding and instructional design standards

LMS & Learning Operations

- Upload and organize content in MYAIGURU's LMS
- Configure modules, lessons, quizzes, and completion rules
- Manage content updates, versioning, and access control

Program Delivery & Instruction

- Participate in live programs as Lab Instructor or Teaching Assistant
- Support learners during hands-on sessions and guided labs
- Address learner questions and resolve lab-related issues

Learner Support & Engagement

- Support doubt-solving sessions and discussion forums
- Monitor learner progress and completion metrics
- Collect learner feedback for continuous improvement

Program Marketing & Growth

- Support marketing content creation for training programs
- Create or review flyers, website content, and program brochures
- Contribute to demo videos, webinars, and sample lesson content

Remuneration

- The first two weeks will be initial onboarding, induction and considered as an unpaid internship.
- Rs. 5,000/PM as fixed component (FP) + Rs. 2,000/PM as a variable performance bonus (VP)
- T&C for variable bonus is as follows.
    - Business Outcomes delivered as per work instructions in a timely manner with quality.
    - Compliance with daily attendance and time sheet.
    - Teamwork and collaboration
    - Mindset for research and innovation.
    - Retention – completion of the entire duration of the internship.
    - VP amount will range from 100% to 0% depending on the performance evaluation.
    - FP will be paid monthly, while VP Bonus will be paid on successful completion of the complete internship period, i.e. 6 months
    - Internship certificates will be made available only after completion of the 6-month internship
- Non-Cash Perks
    - Free Access to any 2 training courses conducted during your internship tenure
    - Amounting to INR ~ 30,000+ or USD 1000+ equivalent

Confidentiality T&Cs

At **S3K Technologies LLC (USA)** and **MYAIGURU Technologies Pvt. Ltd. (India)**, you agree not to disclose, share, misuse, or exploit any confidential or proprietary information obtained during your engagement, except as required for your authorized work with **S3K Technologies** and **MYAIGURU.**

Confidential information includes, but is not limited to, technical details, business strategies, product designs, source code, training materials, AI models, prompts, client data, and internal communications. You are required to maintain the confidentiality of all such information during your tenure and after its completion, unless prior written authorization is obtained from **S3K Technologies** and **MYAIGURU.**

Any breach of this confidentiality obligation may result in immediate termination of engagement and may lead to legal action, as per applicable law.

Sincerely,
S3K Technologies LLC (USA) & MYAIGURU Technologies India Pvt. Ltd. (India)

Best Regards,
